Dear Sir:

The Foreign Broadcast Information Service, formerly under the War Department, is on the distribution list for your publication "Circuits Outlets List". This service is greatly appreciated and it is hoped that you will continue to furnish this and other radio data as available.

In connection with the 1 April 1948 issue of "Circuit Outlets List", current operating frequencies for the stations listed would be of value to us if you have such information readily available.

As a suggestion, it is believed that inclusion in the monthly changes of alterations in frequencies would be of real assistance to this and other recipients of your material.

Please note the change in address as indicated in the letterhead.
